**FORTUNE WELL ANNOUNCES INAUGURAL
“FORTUNE 25 BEST PLACES TO LIVE FOR FAMILIES RANKING”
West Windsor Township ranked as 11TH Best Place to Live in the United States**

The Township of West Windsor located in New Jersey is pleased to announce on September 28, 2022 *Fortune Well* ranked West Windsor Township as #11 in its inaugural “*Fortune Well 25 Best Places to Live for Families*”. The article highlights cities and towns in the U.S. where multigenerational families are most likely to have access to critical resources, community support, and financial well-being. Nearly half of Americans who are raising children under the age of 18 are also shouldering the responsibility of regularly caring for their aging parents in some capacity. This so called “sandwich generation” is the target population of the Fortune Well ranking and a well-known fact of life here in West Windsor. Mayor Marathe exclaimed, “Congratulations to West Windsor! Now, everyone in the world knows what we here in West Windsor have known all along, that West Windsor *IS* one of the best places to live!”
