RE: Notice of Bid Cancellation

Scheduled Bid Opening: June 27, 2023 at 2:30 pm

Bear Brook Road Roadway Reconstruction Project

West Windsor Township, Mercer County, New Jersey

Dear Prospective Bidder/Plan-holder:

It is necessary for West Windsor Township to cancel the receipt of bids for the above-referenced project. Pursuant to **New Jersey Administrative Code (NJAC) 5:34-9.3 Cancellation or postponement of receipt of bids or proposals**, West Windsor Township is canceling the receipt of bids. No bids will be accepted and any bid documents received prior to that date and time will be returned without opening same.

The bid documents are missing material information necessary to the successful execution of the contract work and that determination was made after the date by which notice or addenda could be issued under New Jersey Statutes Annotated (NJSA) 40A:11-23.

When the project is again advertised for public bid, courtesy copies of the new bid documents will be provided to all plan-holders who have purchased documents for this current bid solicitation, free of charge.

Sincerely,

John B. Taylor III, PE, CMC
Assistant Township Engineer

C: Engineering, Purchasing, Administration
