Re: Resident Outreach – Conover Road Bikeway  
Block xx, Lot xx  
#xx Conover Road

Dear Mr. and Mrs. xxxxxx:

As you may be aware, West Windsor Township has received funding from the New Jersey Department of Transportation under the “Bikeways” program for the construction of an 8’ wide porous asphalt dedicated off-road Bikeway running parallel to Conover Road.

This proposed bikeway will provide a direct connection between South Post Road and the East entrance to Mercer County Park via the newly constructed Edinburg Road Bikelanes and the previously constructed South Post Road Bikeway (adjacent to Mercer Oaks Golf Course).

The Township has examined and surveyed the public Right-of-Way along Conover Road. The proposed bikeway is currently anticipated to be constructed within the public Right-of-Way; however, there are several locations along the curve that may be impacted with tree removal and limited modifications may be necessary in the proposed layout. The Township is currently in discussions with the County of Mercer to possibly relocate a small portion of the bikeway along an existing 20’ wide sanitary sewer easement and onto a portion of farmland directly behind your properties; rather than impact the frontage of your property.

I have attached an aerial map indicating the potential location within the public Right-of-Way and the proposed location running within the 20’ wide sanitary sewer easement and the Mercer County farmland for your reference.

I would like to schedule a meeting with you to discuss your thoughts, potential impacts to your property and try to address any concerns that you may have with this project.

Please contact me in the Engineering Division at (609) 799-9396 to arrange a meeting at your earliest convenience. If you have any questions or need any additional information, we can discuss these when we meet.

Sincerely,

Brian E. Aronson  
Assistant Manager of Engineering
