PRIVATE SWIMMING POOL APPLICATION

BLOCK _____ LOT _____

SEWAGE DISPOSAL METHOD: Public Sewer _____ Septic System _____

If septic is indicated, the separation distance between the septic system and the pool must be shown on the plot plan and specified below.

The separation distance from septic and the proposed pool is _____ feet.

Prevention of Nuisance Conditions

The undersigned property owner agrees to operate the pool in a responsible manner. Pool filter backwash and wasted water will be managed to prevent the accumulation of standing water on the ground or onto adjacent properties. The mechanical pool equipment will be located and managed in such a manner to prevent noise disturbances to adjacent properties.
